WooBee

9V Bluetooth® Irrigation Controller With A Screen

The WooBee is a battery-powered, waterproof Bluetooth® watering controller capable of programming 9V solenoid valves sequentially. It also features a large display for easy use. Its water meter input enables you to take action in the event of leaks, over- or under-consumption of water.

WARRANTY

WooBee NEW

9V Bluetooth® Irrigation Controller With A Screen

Up to a 5-Year Battery Life

Enable Eco Mode during winter and throughout the watering season to maximize 9V battery life.

Leak Detection

By connecting a water meter and setting your thresholds in MySOLEM, WooBee automatically interrupts irrigation in the event of a leak, overconsumption, or underconsumption.

Waterproof

IP68 rated: Waterproof and dustproof.

Monthly Water Budget

Define your monthly water budget (0-200%), and the system automatically apply your settings every month.

Easy To Use

WooBee can be programmed in two different ways: directly via the screen and buttons, or via your smartphone using Bluetooth® with the MySOLEM app.

MySOLEM Asynchronous Mode

With asynchronous mode, create your program on MySOLEM.com or on your smartphone, then transfer it to your controller at close range via Bluetooth® using the MySOLEM app.

Install. Program. It's ready.
